Brief Description of Arguments to be Presented:				
Pro se Applicant requests constructive assistance from Examiner. Applicant wishes to provide				
a clearer perspective between teachings of Applicant and Prior Art. Claim 36 is of different rationale				
because it does not include step of any error condition such as file not found, but rather shows how				
search engine results can be accessed as added value in addition to accessing web page after successful				
resource location request. Applicant wishes to show draft claims in an attempt to put in condition of				
allowance. Applicant wishes to point out evidence of commercial success as reflected in US 6,526,402				
which has a later filing date.
